Lakewood Ranch Self-Guided Tour

How to use the map and instructions

This document and accompanying map will allow you to take a self-guided tour of Lakewood Ranch based on our bus tour route. The tour is broken into 9 regions, labeled on the map with pink, numbered squares. Follow the red route line and black directional arrows on the map, along with the driving instructions on this document, to get a full tour of Lakewood Ranch. Villages selling new construction are marked with white flags at the entrances. Some villages will have gates. We recommend you reach out to the information center (info@lakewoodranch.com or #941-907-6000) for a model pass, which will expedite access. We can provide these model passes electronically. The tour is approximately 2 hours without any stops to tour model homes.

The Tour

Start: Lakewood Main Street

Begin your tour on Lakewood Main Street, our original town center and entertainment district, where you will find restaurants, shops, movie theaters, miniature golf and more. This “town center” is home to our monthly music block parties and many other community events all year long. Our Information Center is located here as well, and it is staffed with Community Specialists who provide overviews of the community and answer any questions you have. Stop in or make an appointment to visit!

Starting your Tour

1. On Main Street, drive down the street and around the roundabout, where you will see the cinemas and Waterfront condos at the end.
2. To exit, drive west towards the Grove restaurant and Starbucks, then turn left (south) at the light onto Lakewood Ranch Boulevard.
3. Continue south approximately ½ mile to University Parkway and turn left (east).
4. Continue approximately 1 mile to Deer Drive and Region 1, Waterside.

Region 1: Waterside, Windward, and the Sarasota Polo Club

With University Parkway delineating Manatee and Sarasota counties, these are the residential villages in Sarasota County.

Shoreview (Pulte) and LakeHouse Cove (Homes By Towne) are the two neighborhoods currently open, with others planned for the future. It is also home to Waterside Place, our newest town center, currently under construction on the banks of Kingfisher Lake. The first businesses in Waterside Place will open this fall. It will be another town center and entertainment district offering rental living (Botanic Apartments now open), restaurants, shops, and professional offices adjacent to an 8-acre park.

Windward
